

SAN LUIS REY WATERSHED MANAGEMENT AREA
WATER QUALITY IMPROVEMENT PLAN WORKGROUP

MEETING SUMMARY

CITY OF VISTA CIVIC CENTER, DELPY ROOM
200 CIVIC CENTER (1ST FLOOR, ENGINEERING DEPARTMENT)
WEDNESDAY, NOVEMBER 15, 2017, 10:00-12:00 P.M.

MEETING ATTENDEES

NAMES	ORGANIZATION	VOTING MEMBER
Jonathan Nottage	City of Vista	Yes
Brian Nemerow	City of Vista	Yes
Adam Shapiro	City of Oceanside	Yes
Ruth de la Rosa	County of San Diego	Yes
Joanna Wisniewska	County of San Diego	No
John Quenzer (Telephone)	D-Max Engineering Inc.	No
Sheri Dister	Weston Solutions	No
Olin Applegate	Larry Walker Associates	No

AGENDA ITEM 3: OPPORTUNITY FOR MEMBERS OF THE PUBLIC TO SPEAK ON ITEMS NOT ON THE AGENDA (LIMIT TO 3 MINUTES)

No members of the public were present.

AGENDA ITEM 4: APPROVAL OF MEETING SUMMARIES – VOTING ITEM

DESCRIPTION	APPROVAL OF SLR MEETING SUMMARY (October 26, 2017)
MOTION	Motion to approve SLR Meeting Summary from October 26, 2017 with a correction to the final due date of the WQIP Annual Report
MOTIONED BY	Jonathan Nottage
SECONDED BY	Adam Shapiro
CALL FOR DISCUSSION	None
CALL TO VOTE	Motion Passed [3 Yes, 0 No, 0 Abstentions]

AGENDA ITEM 5: FISCAL YEAR 2018-19 BUDGET DISCUSSION

Ruth distributed the 2018-19 Draft Budget and provided an overview of tasks. The budget includes a not-to-exceed limit based on the Regional MOU of \$975,000.

- Task 1 Workgroup Meeting Support - \$15,000, amount will likely not change
- Task 2 Water Quality Improvement Plan (WQIP)
 - Task 2.A FY 2016-17 WQIP Annual Report – budget pending
 - Task 2.B WQIP Support, includes as needed support (i.e. consultation panel)- budget pending
- Task 3 Water Quality Monitoring and Reporting – budget pending

- Task 3.A Water Quality Monitoring
- Task 3.B Bacteria TMDL Follow-up Investigations, new item, budget is not completely worked out
- Task 3.C Bight '18 Implementation, Ruth noted that the Regional Group is developing the plan this fiscal year, next fiscal year the Workgroup will be implementing it as a watershed. Sheri believes that the SLR Watershed does not contain sites, but this may change in the future.
- Task 3.D Bacteria TMDL Reporting
- Task 4 Special Studies, nothing specific included at this point.

AGENDA ITEM 6: WATER QUALITY MONITORING UPDATE

Joanna provided the following Water Quality Monitoring Update:

- One sampling event was conducted for the Bacteria TMDL and the Lower River Goal. Results are provided in **Table 1**.
- Installation has begun for the San Luis Rey MST wet weather stations, which is a County sponsored study. Locations in the City of Oceanside are still pending.
- The County has continuous flow monitoring MS4 outfall dry weather data for Weston to include in the Annual Report.
 - Five outfalls were monitored from May to September during 2016 and 2017.
 - Flows were higher during 2016. This could be due to rescinded drought restrictions and/or increasing groundwater levels associated with higher precipitation.

Table 1. Bacterial Exceedances at San Luis Rey River Sampling Locations

Monitoring Program	Station	October 25, 2017
TMDL	OC-100	None
Lower River Goal	SLR25	None
Lower River Goal	Benet Bridge	Not sampled due to dry conditions

AGENDA ITEM 7: WQIP ANNUAL REPORT

Sheri provided the following WQIP Annual Report Updates:

- All edits provided by the Workgroup will be incorporated, and consistent phrases will be adopted throughout.
- Weston has received the County’s content including strategies, highlights, inputs, and IDDE content.
- Regarding MS4 outfall data analysis: irrigation runoff is the most frequent source identified, followed by rising groundwater.
- Main updates to the next version will be the simplification of text, finalization of the IDDE section, and addressing progress towards goals for the dry weather section.
- The new format of the Executive Summary was presented. The format includes minimal text, lots of graphics, easy-to-read outcome boxes, as well as special studies.
- Sheri solicited the Workgroup’s opinion on presenting a comparison of rainfall data between the current year and the previous year in the Executive Summary. This will visually show why it was harder to meet certain goals. Sheri will include the data for now, and it can be omitted later if desired.

- Sheri discussed different methods possible to visualize progress toward TMDL goals, which are hard to understand and visualize.
 - There was a recommendation to clearly identify the monitoring sites, as opposed to simply listing the name of the station.
- Sheri inquired about including *E. coli* data in the Report versus an Appendix. The Workgroup responded that including the data in an Appendix is adequate.

John Quenzer updated the group that he has received all the data from the Workgroup. The only edits needed at this time are minor edits to the Strategy Table. He also commented that last year's Annual Report included a discussion in the Non-Stormwater Discharge Section regarding agricultural sources. The language in the report said something to the effect of: agricultural sources are beyond the participating agencies ability to control. John wanted to clarify if this is still an accurate statement, and a discussion ensued regarding how Ag discharges are regulated in each jurisdiction. The Workgroup decided to raise the issue with Jo Ann Weber with the County of San Diego.

Ruth provided an update on the schedule. A draft will be distributed on Monday the 20th, with comments due December 4th. The Final Draft for executive review will be distributed December 18th.

AGENDA ITEM 8: JURISDICTIONAL UPDATE

Brian updated the Workgroup that they are following up on SLR3, which has a constant flow of 1 gallon per minute and appears to contribute bacteria to the watershed. Budget for a consultant to provide a source ID will be included in the 2018-19 budget. Brian will follow up with Sheri regarding whether this will be included in the Annual Report.

Ruth informed the group that there is a PPS meeting tomorrow November 16th, Oceanside is a voting member.

AGENDA ITEM 9: OTHER ITEMS

No other items were discussed.

AGENDA ITEM 10: NEXT WORKGROUP MEETING

The next recurring meeting will be on Wednesday December 14th, 2017 from 10:00-12:00 pm at the City of Vista. Agenda items should be sent to Ruth and Olin by Wednesday December 6th.
