### SECTION A – PROJECT INFORMATION

1. Project Title	Delpy Ditch Clean Up
2. Contact Information	John Conley, Principal Planner
⊙ Agency/organization	City of Vista
⊙ Address	P.O. Box 1988 Vista, CA 92085
⊙ Phone	(760) 726-1340 x1262
⊙ E-mail	<a href="mailto:jconley@ci.vista.ca.us">jconley@ci.vista.ca.us</a>
⊙ Submitted by (name & title)	Dolores Gascon, Grantwriter
3. Project Location (City/Community)	Vista, California
4. Watershed (if multiple or regional, please indicate)	Agua Hedionda, Batiquitos, Buena Vista
5. Amount Requested	\$500,000
6. Match Information (a minimum 10% match is required for all projects):	
⊙ Estimated match amount	\$50,000
⊙ Has a match been identified (y/n)?	Potential
⊙ If so, please identify the source(s)	Property Owners adjacent to channel
7. Status of Project (conceptual, designed & ready to build, CEQA completed, etc.)	
8. Project Description (less than 100 words)	The project proposes to restore approximately 1,600 feet of Buena Vista Creek near

**Project Title:**

**Project Contact (name and organization/agency):**

Bobier Drive and East Vista Way in the City of Vista. This portion of the creek is an open channel that has been highly impacted by commercial and residential development and is in a degraded state. The project scope includes grading the side slopes to improve the flow characteristics of the channel, planting vegetation to prevent erosion, and planting trees along the top of the slopes to improve habitat and create an aesthetic barrier between the commercial and residential areas..

**9. Additional information (include photo, regional map, text as needed. Please limit entire document to 3 pages or less):**

Additional photos and a map are being sent through the mail.

**SECTION B – SUPPLEMENTAL INFORMATION**

**1. CWC section 79561 states that eligible projects must include one or more of the water management elements listed below (see Guidance Section III.C.). Please check all that apply to your proposed project.**

- Programs for water supply reliability, water conservation, and water use efficiency
- Storm water capture, storage, treatment, and management
- Removal of invasive non-native plants, the creation and enhancement of wetlands, and the acquisition, protection, and restoration of open space and watershed lands
- Non-point source pollution reduction, management and monitoring
- Groundwater recharge and management projects
- Contaminant and salt removal through reclamation, desalting and other treatment technologies
- Water banking, water exchange, water reclamation and improvement of water quality
- Planning and implementation of multipurpose flood control programs that protect property; and improve water quality, storm water capture and percolation; and protect or improve wildlife habitat
- Watershed management planning and implementation
- Demonstration projects to develop new drinking water treatment and distribution methods

**2. The Dept. of Water Resources (DWR) and State Water Resources Control Board (SWRCB) have established the statewide priorities listed below for guiding the selection of projects for funding (see Guidance Section II.E.). Please check all that apply to your proposed project.**

- Reduce conflict between water users or resolve water rights disputes, including interregional water rights issues
- Implementation of Total Maximum Daily Loads that are established or under development
- Implementation of Regional Water Quality Control Board Watershed Management Initiative Chapters, plans, and policies
- Meet Delta Water Quality Objectives
- Implementation of recommendations of the floodplain management task force, desalination task force, or recycling task force;
- Address environmental justice concerns
- Assist in achieving one or more goals of the CALFED Bay-Delta Program

**NOTE: The eligibility requirements and statewide priorities listed above should be considered minimum screening criteria for project selection. Additional prioritization criteria will be identified once regional goals have been established for the draft IRWM Plan. In general, applicants should assume that preference will be**
