

**Project Title: San Diego County Pesticide Disposal and Source Reduction Program**  
**Project Contact (name and organization/agency):**

**Proposition 50 Integrated Regional Water Management (IRWM)  
 Project Proposal Form**

---

Detailed guidance on the Integrated Regional Water Management (IRWM) Grant Program can be found on the State Water Resources Control Board’s Prop 50 Integrated Regional Water Management (IRWM) grant program web page at: <http://www.swrcb.ca.gov/funding/irwmgp/index.html>. Please familiarize yourself with the general requirements of this program before preparing and submitting a project proposal.

Completed forms should be submitted no later than December 1, 2004, either via email to [jon.vanrhyn@sdcountry.ca.gov](mailto:jon.vanrhyn@sdcountry.ca.gov) or mailed to the following location:

|---|------------|
| <b>7. Status of Project (conceptual, designed &amp; ready to build, CEQA completed, etc.)</b>   | Conceptual |
| <b>8. Project Description (less than 100 words)</b><br>Two main elements: <ol style="list-style-type: none"><li>1. Source reduction education and incorporation of Integrated Pest Management (IPM) principles for commercial applicators, including structural pest control and licensed agriculture applicators, golf courses, cemeteries, and production agriculture. Program will include “amnesty” days for unused pesticides and empty pesticide containers with the goal of long-term pesticide source reduction that will restore beneficial uses of receiving waters.</li><li>2. Augmentation of existing IPM residential campaign to secure additional funds for disposal of diazinon at Household Hazardous Waste facilities. Diazinon is a banned pesticide as of December 2004 and additional funds are required to prevent disposal to the solid waste management , sewer and storm water conveyance systems.</li></ol> |            |
| <b>9. Additional information (include photo, regional map, text as needed. Please limit entire document to 3 pages or less):</b>  |            |

**SECTION B – SUPPLEMENTAL INFORMATION**

**1. CWC section 79561 states that eligible projects must include one or more of the water management elements listed below (see Guidance Section III.C.). Please check all that apply to your proposed project.**

- Programs for water supply reliability, water conservation, and water use efficiency
- Storm water capture, storage, treatment, and management
- Removal of invasive non-native plants, the creation and enhancement of wetlands, and the acquisition, protection, and restoration of open space and watershed lands
- Non-point source pollution reduction, management and monitoring
- Groundwater recharge and management projects
- Contaminant and salt removal through reclamation, desalting and other treatment technologies
- Water banking, water exchange, water reclamation and improvement of water quality
- Planning and implementation of multipurpose flood control programs that protect property; and improve water quality, storm water capture and percolation; and protect or improve wildlife habitat
- Watershed management planning and implementation
- Demonstration projects to develop new drinking water treatment and distribution methods

**2. The Dept. of Water Resources (DWR) and State Water Resources Control Board (SWRCB) have established the statewide priorities listed below for guiding the selection of projects for funding (see Guidance Section II.E.). Please check all that apply to your proposed project.**

- Reduce conflict between water users or resolve water rights disputes, including interregional water rights issues
- Implementation of Total Maximum Daily Loads that are established or under development
- Implementation of Regional Water Quality Control Board Watershed Management Initiative Chapters, plans, and policies
- Meet Delta Water Quality Objectives
- Implementation of recommendations of the floodplain management task force, desalination task force, or recycling task force;
- Address environmental justice concerns
- Assist in achieving one or more goals of the CALFED Bay-Delta Program

**NOTE: The eligibility requirements and statewide priorities listed above should be considered minimum screening criteria for project selection. Additional prioritization criteria will be identified once regional goals have been established for the draft IRWM Plan. In general, applicants should assume that preference will be**
