Proposition 50 Integrated Regional Water Management (IRWM) Project Proposal Form

Completed forms should be submitted no later than December 1, 2004, either via email to jon.vanrhyn@sdcounty.ca.gov or mailed to the following location:

Jon Van Rhyn
 County of San Diego
 Watershed Protection Program
 9325 Hazard Way
 San Diego CA 92123 PHONE: 858-495-5133 FAX: 858-495-5263

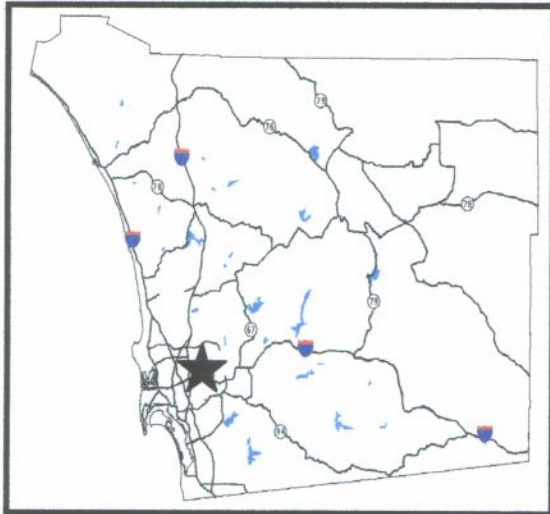

SECTION A – PROJECT INFORMATION

1. Project Title	San Diego River Restoration Project
2. Contact Information	
⊙ Agency/organization	The San Diego River Park Foundation
⊙ Address	4891 Pacific Highway, Suite 114 San Diego, CA 92110
⊙ Phone	619-297-7380
⊙ E-mail	rhutsel@sandiegoriver.org
⊙ Submitted by (name & title)	Rob Hutsel: Executive Director
3. Project Location (City/Community)	San Diego
4. Watershed (if multiple or regional, please indicate)	San Diego River Watershed
5. Amount Requested	\$525,000
6. Match Information (a minimum 10% match is required for all projects):	
⊙ Estimated match amount	100,000
⊙ Has a match been identified (y/n)?	y
⊙ If so, please identify the source(s)	Bureau of Reclamation Funding
7. Status of Project (conceptual, designed & ready to build, CEQA completed, etc.)	Designed with NEPA completed
8. Project Description (less than 100 words)	
<p>This project is a partnership of the Bureau of Reclamation, City of San Diego and the San Diego River Park Foundation to explore low cost alternatives to improving conditions of the San Diego River. This area is the site of a relatively large aquifer. The first phase of the project has been completed to investigate and create a menu of options to improve water quality in this designated impaired water body stretch of the River. This program will implement demonstration projects and continue extensive monitoring of the river.</p>

9. Additional information (include photo, regional map, text as needed. Please limit entire document to 3 pages or less):

SECTION B – SUPPLEMENTAL INFORMATION

1. CWC section 79561 states that eligible projects must include one or more of the water management elements listed below (see Guidance Section III.C.). Please check all that apply to your proposed project.

- Programs for water supply reliability, water conservation, and water use efficiency
- Storm water capture, storage, treatment, and management
- Removal of invasive non-native plants, the creation and enhancement of wetlands, and the acquisition, protection, and restoration of open space and watershed lands
- Non-point source pollution reduction, management and monitoring
- Groundwater recharge and management projects
- Contaminant and salt removal through reclamation, desalting and other treatment technologies
- Water banking, water exchange, water reclamation and improvement of water quality
- Planning and implementation of multipurpose flood control programs that protect property; and improve water quality, storm water capture and percolation; and protect or improve wildlife habitat
- Watershed management planning and implementation
- Demonstration projects to develop new drinking water treatment & distribution Methods

Project Contact (name and organization/agency):

2. The Dept. of Water Resources (DWR) and State Water Resources Control Board (SWRCB) have established the statewide priorities listed below for guiding the selection of projects for funding (see Guidance Section II.E.). Please check all that apply to your proposed project.

- Reduce conflict between water users or resolve water rights disputes, including interregional water rights issues
- Implementation of Total Maximum Daily Loads that are established or under development
- Implementation of Regional Water Quality Control Board Watershed Management Initiative Chapters, plans, and policies
- Meet Delta Water Quality Objectives
- Implementation of recommendations of the floodplain management task force, desalination task force, or recycling task force;
- Address environmental justice concerns
- Assist in achieving one or more goals of the CALFED Bay-Delta Program

NOTE: The eligibility requirements and statewide priorities listed above should be considered minimum screening criteria for project selection. Additional prioritization criteria will be identified once regional goals have been established for the draft IRWM Plan. In general, applicants should assume that preference will be given to projects that are regional, multi-functional, and able to demonstrate multiple benefits.

NOTE: Proposals that include on-stream or off stream surface water storage facilities are not eligible.
