

Analysis of Proposition 13 (Water Bond) Funding

Section	Chapter	Purpose	\$ (millions)		State
			Program	Breakdown	Admin. Agency
Safe Drinking Water Program	Chapter 4		\$70		
Safe Drinking Water Program	Article 3	<i>Loans & grants for infrastructure improvements and related actions to meet safe drinking water standards (leverages \$5 fed for every \$1 state)</i>		\$70	Department of Health Services
Flood Protection Program	Chapter 5		\$292		
Flood Plain Mapping	Article 2	<i>Helps communities determine location of flood plains to avoid inappropriate development</i>		\$5	Dept of Water Resources & Dept of Conservation
Flood Protection Corridor Program	Article 2.5	<i>Grants to local agencies to acquire, restore, enhance and protect real property (flood & wildlife habitat protection and agricultural land preservation, earmarks \$1 mil. for technical assistance to cities and counties and \$5 mil to the City of Santee for flood protection)</i>		\$70	Department of Water Resources
Delta Levee Rehabilitation Program	Article 3	<i>Funds the Delta Levee Maintenance Subvention Program (\$15 mil) and special flood protection projects on specified Delta islands (\$15 mil).</i>		\$30	Department of Water Resources
Flood Control Subventions Program	Article 4	<i>Pays for states of share of nonfederal costs of local flood protection projects in specified counties (existing flood control projects).</i>		\$45	Department of Water Resources
Urban Stream Restoration Program	Article 5	<i>Grants for small flood protection and erosion control projects that typically include work by community conservation corps.</i>		\$25	Department of Water Resources
Capital Area Flood Protection Program	Article 6	<i>Environmentally sound projects to protect Sacramento.</i>		\$20	Sacramento Area Flood Control Agency
San Lorenzo River Flood Control Program	Article 7	<i>Funds state's share of the costs of federally-authorized flood mgmt projects in the Santa Cruz region</i>		\$2	Department of Water Resources
Yuba Feather Flood Protection Program	Article 8	<i>Flood control and flood proofing for Maryville and Yuba City.</i>		\$90	Department of Water Resources or Reclamation Board
Arroyo Passajero Watershed Program	Article 9	<i>Flood control on a creek near Los Banos which floods hwy I-5</i>		\$5	Department of Water Resources
Watershed Protection Program	Chapter 6	<i>Grants to assist local agencies in implementing multi-objective watershed plans that help restore fragile ecosystems by controlling or eliminating pollution, reducing flooding, controlling erosion, and improving water quality.</i>	\$468		
Watershed Protection	Article 2	<i>Restore damaged watersheds (60% [\$54] for LA, Orange, Riverside, San Diego, San Bernadino & Ventura and 40% [\$36] for others)</i>		\$90	Water Resources Control Board
Water and Watershed Education Program	Article 3	<i>Designated projects (CSU Fresno, Delta Science Center, etc.)</i>		\$8	Department of Water Resources
River Protection Program	Article 4	<i>Acquisitions and restoration of riparian habitat, aquatic habitat and other lands in close proximity to rivers and streams (60% for major metropolitan areas, \$12.5 mil. designated)</i>		\$95	Department of Water Resources
Southern California Integrated Watershed Program	Article 5	<i>Designated for Santa Ana River Watershed for restoration, water management, water conservation, groundwater desalting, etc.</i>		\$235	Water Resources Control Board

Lake Elsinore and San Jacinto Watershed	Article 6	<i>Designated for Lake Elsinore and San Jacinto Watersheds for improvements and rehabilitation</i>		\$15	Water Resources Control Board
Coastal Watershed Salmon Habitat Program	Article 7	<i>To restore, protect, acquire and enhance habitat for salmon anywhere in state.</i>		\$25	Department of Fish & Game
Clean Water & Water Recycling	Chapter 7	<i>Grants and loans for projects that restore and protect water quality</i>	\$355		
Nonpoint Source Control Program	Article 2	<i>Grants for NPS pollution planning to protect the beneficial uses of water (60% earmarked for S. Ca. Counties-including SD, \$10 mil for pesticide research, \$5 mil for loans to finance construction projects designed to manage animal nutrients from animal feeding operations.)</i>		\$100	Water Resources Control Board
Clean Water Program	Article 3	<i>Grants and low interest loans for sewage treatment projects</i>		\$100	Water Resources Control Board
Water Recycling Program	Article 4	<i>Wastewater reclamation, for public agencies to build facilities to produce and deliver recycled water (60% earmarked for S. Ca. Counties, including SD)</i>		\$40	Water Resources Control Board
Coastal Nonpoint Source Control Program	Article 5	<i>Coastal NPS pollution planning grants and low interest loans for projects to improve water quality at public beaches (60% [\$54] to Riverside, Ventura, LA, SD, Orange & San Bernadino and 40% [\$36] to others)</i>		\$90	Water Resources Control Board
Seawater Intrusion Control	Article 6	<i>Aimed primarily at Central Coast for water conservation, injection wells and substitute supplies for groundwater (transfers unallocated funds from Prop. 204)</i>		\$25	Water Resources Control Board
Water Conservation Program	Chapter 8	<i>Grants and loans to build &/or improve infrastructure to conserve water used for both urban and ag. purposes, groundwater recharge facilities and old pipe replacement.</i>	\$155		
Agricultural Water Conservation	Article 3	<i>Grants and loans to build &/or improve infrastructure to conserve water used for agricultural purposes.</i>		\$35	Department of Water Resources
Groundwater Recharge Facilities	Article 4	<i>Grants and loans for groundwater recharge facilities.</i>		\$30	Department of Water Resources
Infrastructure Rehabilitation Program	Article 5	<i>To repair, replace, restore or rehabilitate existing water distribution systems for economically-disadvantaged urban areas.</i>		\$60	Department of Water Resources
Urban Water Conservation Program	Article 6	<i>Grants and loans to build &/or improve infrastructure to conserve water used for urban purposes.</i>		\$30	Department of Water Resources
Water Supply Reliability	Chapter 9		\$630		
Groundwater Storage Program	Article 2	<i>Conjunctive Use Programs, feasibility studies, project design or construction of facilities for groundwater storage projects</i>		\$200	Department of Water Resources
Bay Delta Multipurpose Water Mgmt Program	Article 3	<i>For projects identified in the CALFED EIR/EIS as a Stage 1 Action, to control ag. drainage, reduce dissolved oxygen problems, fish screens & migration control runoff from old mines, etc.</i>		\$250	Department of Water Resources
Interim Water Reliable Supply and Water Quality Infrastructure and Management Program	Article 4	<i>Loans & grants for programs outside the Delta, including new or expansion of existing groundwater storage, recovery and stored water rights, water transfer and exchange facilities, Ag. water conservation & drainage mgmt.</i>		\$180	Department of Water Resources
TOTAL (millions)			\$1,970
