Education and Resource Development Technical Advisory Committee

2002 CLEAN WATER SUMMIT EDUCATION TRACK

New action items identified during the group discussion at the 2002 Summit and confirmed by the TAC and Steering Committee:

1. Install a message board on the Education and Resource Development TAC website homepage.
2. Pursue partnerships through the identification and generation of projects that reflect diverse interest areas.
3. Promote the development and implementation of standard water resource environmental curriculum for grades K-12.
4. Develop guidance on the assessment of educational outreach effectiveness.
